PROFILE

Skilled Front-End Developer with expertise in React.js, Next.js, and Angular, passionate about building user-friendly, scalable interfaces and delivering high-quality web solutions. Experienced in agile environments, with a proven track record of enhancing performance and usability. Widely leverages AI-driven workflows to accelerate development, optimize productivity, and deliver innovative, impactful products.

PROFESSIONAL EXPERIENCE

Devjets

April 2025 - Present

Front-end developer

- Designed and implemented scalable, responsive web application for Devjets' product suite using Next.js, React, Tailwind CSS, and Redux Toolkit, ensuring performance and maintainability.
- Improved UI/UX and front-end optimization, reducing page load times by up to 40% and enhancing accessibility, which increased user engagement and retention.
- Collaborated with cross-functional teams to deliver feature-rich, customer-centric solutions, leveraging AI-driven development workflows to accelerate releases and improve code quality.

Stackdeans

Feb 2024 - Feb-2025

Front-end developer

- Developed dynamic, responsive, and user-centric web applications using Angular, React.js, and Next.js.
 - Built efficient front-end architectures and optimized UI performance for seamless user experiences.
 - Collaborated with cross-functional teams to deliver scalable solutions, enhancing user experience and interface usability.
 - Implemented modern design patterns to improve application functionality and maintainability.
-

Font-end : React.js, Next.js, Angular, HTML5, CSS3, SASS, Tailwind CSS, Redux, RTK.

Back-end : Node.js, Laravel, REST APIs, MongoDB, MySQL.

Programming : JavaScript, TypeScript, Java, PHP, C#, C, C++, Python

Tools : Docker, Git, Github, Postman, Swagger, Linux, infisical, Unleash, Supbase.

Concepts : Object-Oriented Programming, Data Structures, SOLID Principles, Design Patterns.

PROJECTS

Devjets	2025
• Achievement : Contributed to the development of Devjets' flagship product by delivering feature-rich, scalable web experiences that improved user engagement and product performance. • Technologies : Next.js, Tailwind CSS, Redux toolkit, Unleash, i18n, Infisical, Google Analytics, Hotjar. • Live demo : devjets.io	
Digitsole	2025
• Achievement : Enhanced the smart footwear companion app by developing intuitive interfaces and interactive dashboards, enabling users to track activity, performance, and personalized insights. • Technologies : Next.js, Tailwind CSS, Supbase. • Live demo : digitsole-gules.vercel.app	
Nomahd	2025
• Achievement : Developed a feature-rich e-commerce platform for a clothing brand with seamless browsing and secure checkout. • Technologies : Next.js, Tailwind CSS, i18n.	
Weconnect	2024
• Achievement : Built an employee management app with task tracking, dashboards, and job scheduling. • Technologies : Next.js, Tailwind CSS, Redux, React Query.	
Simy ESIM	2024
• Achievement : Developed a portfolio/landing multi language website for a company, featuring high-level animations. • Technologies : Next.js, Tailwind CSS, Framer motion, i18n.	
Zawaj 48	2024
• Achievement : Developed an admin dashboard for Zawaj 48 application that manages users and subscriptions. • Technologies : Angular, Bootstrap5, SCSS.	
Mentway	2023
• Achievement : Developed a website where mentors can join sessions with mentees through online video calls. • Technologies : Angular, HTML5, CSS3, Bootstrap 5.	

ACHIEVEMENTS

Core Java programming, Mahara tech	2023
Redhat system administration 1 & 2, ITI	2023
MySQL database fundamentals, Mahara tech	2023
Data Analysis challenger track, Egypt FWD	2021
.Net fundamentals	2021
Python 1 & 2, New Horizons	2021

TRAINING

Enozom Internship, Enozom	2023
1 - Month UI/UX summer training, ITI	2021

LANGUAGES

- **English** : Fluent.
- **German** : Basic.
